

NEPENTHE

ALTITUDE SERIES SAUVIGNON BLANC

VINTAGE 2020

VINTAGE

The 2020 growing season began very warm experiencing extreme heat in the early days. The temperatures dropped during January and February and then developed into a typical mild days and cool evenings pattern which gave allowed for great fruit ripening and ensured great acid retention.

WINEMAKING

The parcels were picked at ultimate ripeness. The clarified juice was fermented cool in stainless steel tanks to retain fruit aromas. The resulting wines were then blended and stabilised before bottling.
